ZOE

SIMPLY REVOLUTIONARY

DRIVE THE CHANGE

ZOE

SIMPLY

REVOLUTIONARY

With Renault ZOE, a new automotive era has begun. Tomorrow's technology taking care of you and the environment you live in today.

Imagine roads free of engine noise, with no CO₂ or NO_x emissions, a city where you can breathe more easily. Does that appeal to you?

With ZOE, rediscover the pleasure of motoring every morning: driving is a relaxed experience. A car that is clean on the outside and clean on the inside; one that you can communicate with remotely. No more queuing at petrol stations, you just have to plug it in. You save time and effort.

Come along and test drive Renault ZOE and you'll see why we're excited by it.

DOMINIQUE LUCAS, DIRECTOR, ELECTRIC VEHICLE RANGE, PRODUCT DEPARTMENT

EXPRESSION

Technology

7kW Z.E. ready domestic wallbox fitted at your home
 ABS with EBD (Electronic Brake Distribution) and emergency brake assist
 Carminat TomTom® navigation system
 Chameleon™ charger allowing recharge between 30 mins and 9 hours
 Charging cable (Type 2 Mode 3) with Z.E. bag
 Climate control air conditioning with temperature and humidity sensors
 Cruise control / speed limiter
 Eco-mode with activation / deactivation button
 Econometer, battery gauge, and integrated mileage counter
 Electronic brake distribution (EBD)
 Electronic stability control (ESC) with anti-skid regulation (ASR) and understeer control (CSV)
 Hill start assist
 R.A.I.D. (Renault Anti Intruder Device) automatic door locking
 Range OptimiZER: Heat pump, bi-modal braking system and Michelin ENERGY™ E-V tyres
 R-Link voice controlled 7" touchscreen multimedia device
 Z.E. Connect: remote monitoring of battery charge and estimated range
 Z.E. Voice (low speed pedestrian warning)

Interior

4x20W Classic radio with 2 front and 2 rear double cone speakers and single antenna
 Air upholstery
 Front driver and passenger airbags
 Front side body and head airbag for driver and passenger
 Glovebox (7 litres)
 Height adjustable 3-point front seatbelts with pretensioners
 Height adjustable headrests on outer rear seats
 ISOFIX fittings on outer rear seats and front passenger seat
 Passenger airbag (can be deactivated to fit child seat)
 Reach and height adjustable steering wheel
 Three-point side rear seat belts with load limiters
 Tyre repair kit
 USB port, Jack, SD multimedia, Bluetooth handsfree phone capability and voice control
 Z.E. Pre-conditioning of interior temperature from inside vehicle (activate air con / heater whilst charging)

Exterior

Deadlocking
 LED (Daytime Running Lights)
 15" Michelin ENERGY™ E-V tyres with 15" Aerobase wheel trims
 Black rear door handles with ZOE designer signature
 Body coloured front door handles
 Bi-halogen optical projector front headlights
 Door mirrors electrically operated and heated
 R.A.I.D. (Renault Anti Intruder Device) automatic door locking

Options

16" Michelin ENERGY™ E-V tyres with Aerotronic 16" alloy wheels
 3D Digital sound system by Arkamys™, double aerial, two woofers, two rear double-cone speakers, and two tweeters
 Metallic paint
 Western European mapping
 Z.E. Digital (remote access to App store, e.g. email access)
 Z.E. Interactive: remote battery charging and remote activation of air-con / heater
 Z.E. Live Services (HD traffic updates, speed camera alerts, google search and weather forecasts)

ZOE

STYLE

WE ALL WANT STYLE IN OUR LIVES, AND ZOE CUTS A DASH WHEREVER SHE'S SEEN. THE SLIMLINE HEADLIGHTS, SWOOPING ROOFLINE, AND HIDDEN REAR DOORS CREATE A GREAT FIRST IMPRESSION, EVEN FROM A DISTANCE... BUT ZOE CONTINUES TO IMPRESS UP CLOSE. SEE HOW MANY NEAT LITTLE DETAILS YOU CAN SPOT AROUND THE CAR; FROM THE CHEEKY 'DIMPLES' TO THE DESIGNER'S FINGERPRINT, ZOE HAS JUST AS MUCH PERSONALITY AS YOU DO.

CONNECTED TO YOUR VEHICLE

RENAULT R-LINK

IT'S THE UK - SO IT'S PROBABLY RAINING. YOU'RE GOING TO HAVE TO STAY A LITTLE LONGER THAN EXPECTED IN THE CAFÉ... MAY AS WELL MAKE THE MOST OF THINGS AND START CHARGING YOUR ZOE RIGHT NOW. WHY NOT SWITCH ON THE HEATING TOO SO THAT YOUR CAR IS LOVELY AND WARM WHEN YOU GET IN? ALL THIS FROM YOUR SMARTPHONE OR COMPUTER WITHOUT EVEN STEPPING OUT OF THE DOOR.

1. Display ZOE's driving range and locate charge points.
2. Listen to the radio or to music on your mobile system, look at your photos, or watch videos.
3. Make a few phone calls (hands-free, of course).

1.

2.

3.

4.

5.

6.

4. Retrieve your e-mails or tweets and stay connected.
5. In your ZOE, just as from your tablet or smartphone, you can purchase apps from the R-Link Store (news, travel, games, e-mail, and social networks) or make the most of the pre-installed apps.
6. You can instantly see the driving range available to you and how much battery charge you've got left via your smartphone thanks to the My Z.E. Connect Pack. You can also begin charging immediately or programme the battery to charge and set the pre-conditioning in your ZOE for the following morning using the My Z.E. Inter@ctive pack, which is standard on Dynamique Zen and Dynamique Intens.

60 PATENTS:

WHAT FOR?

SO YOU CAN DRIVE AROUND IN A CAR THAT GIVES YOU EVERYTHING YOUR CURRENT VEHICLE DOES, WITH MORE CONNECTIVITY AND STYLE YET LESS HASSLE, NOISE AND STRESS, AND A BEST-IN-CLASS DRIVING RANGE. LET'S TAKE A CLOSER LOOK AT THE STATE-OF-THE-ART TECHNOLOGIES THAT ALLOWED THE ZOE TO ACHIEVE A DRIVING RANGE OF 130 MILES* ON A SINGLE CHARGE DURING ITS APPROVAL PROCESS.

ZOE is the first mass-produced electric vehicle with an official NEDC* driving range of over 120 miles**. But what does this figure mean? Just like any other vehicle approval process, it is performed under ideal driving conditions (no heating or air conditioning is used). The results allow a true comparison to the performance of other electric vehicles. As is the case for internal combustion vehicles, speed, hills, driving style, and the use of heating or air-conditioning will all have an impact on the actual driving range. So, for example, on a suburban road, you might generally achieve around 62 miles in the winter season and 90 miles in the warmer seasons.

THE RANGE OPTIMIZER SYSTEM

This groups together three major innovations that make ZOE's performance possible. What are they?

• New-generation regenerative braking

The battery receives energy not only each time the car decelerates when the driver takes his/her foot off the accelerator but also, and this is what's new, when the driver presses the brake pedal.

• Heat pump

Rather than drawing on the battery, the 'reverse-air conditioning' system captures energy from the air to warm, or cool, the cabin. One single system that performs two functions!

• MICHELIN ENERGY™ E-V Tyres

Specially designed for Renault ZOE, they offer ultra-low resistance when driving. They have the same road handling and braking capacity as the Michelin tyres used on other vehicles.

OPTIMIZE THE DRIVING RANGE WITH RENAULT ZOE

Renault ZOE offers you a wide range of measures to maximise your driving range.

• Pre-conditioning

This allows you to programme the heating or air conditioning while ZOE is still charging. In this way the power used to create the ideal cabin temperature does not deplete the battery.

• Eco mode

The Eco button moderates air-conditioning or heating power and performance for greater driving range.

• Eco-driving tips

ZOE can help give you advice on how to make the most of the energy at your disposal.

*NEDC: New European Driving Cycle, the European standard for emissions and consumption, is a method for measuring fuel consumption based on identical tests carried out on all types of vehicles in Europe, whether they are internal combustion, electric, or hybrid. It is therefore an objective test for comparing performance between models of various manufacturers. There are two parts to the test. The vehicle is put on a roller bench and driven through the same urban cycle (cycle ECE-15) three times, followed by a single extra-urban cycle. The average of these four cycles gives the average NEDC range. Please see the technical specifications page for more details on range. **The official NEDC driving range is 121 miles with 17" wheels.

THINK

ELECTRIC

WE DESIGNED ZOE SO THAT IT IS SIMPLE TO USE, A PLEASURE TO DRIVE, AND EASY FOR EVERYDAY LIFE. FOR EXAMPLE, WE'VE USED LESS GLASS IN THE DESIGN TO HELP THE CLIMATE CONTROL WORK MORE EFFICIENTLY. AS FOR THE UNDERFLOOR BATTERY, IT LOWERS THE CENTRE OF GRAVITY, WHICH ENSURES GOOD ROAD HANDLING AND MAXIMISES THE INTERIOR SPACE OR THE BOOT VOLUME.

THE CHAMELEON™ CHARGER

ZOE is the first electric vehicle to be fitted with the Chameleon™ Charger patented by Renault. The Chameleon adapts to the various power levels available for charging. This innovation means Renault ZOE is compatible with standard charging (6 to 9 h), accelerated charging (80% in 1 h)[†] or rapid charging (80% in 30 min).[†] All this using one single charger.

CHARGE POINTS ON THE RENAULT R-LINK

R-Link features TomTom navigation which will show charge points near you - or on your route.

THE BATTERY

Just like the other models in the Renault Z.E. Range, ZOE is fitted with a lithium-ion battery, offering great performance. It is very simple to charge, even when it is fully discharged. It can be recycled at the end of its life.

- ZOE is environmentally friendly: no smell, very quiet, and zero g/km of CO₂ (while in use).[‡]
- ZOE maximizes recycling: Renault ZOE is 85% recyclable by mass and includes 9% recycled plastic (100% in the case of the battery).
- ZOE features an electric engine with a wound rotor putting out 65 kW or 87 hp.
- ZOE allows instant acceleration and pick-up even at low revs, thanks to the 220 Nm peak torque available at full force from just 250 rpm.

[†]Battery charged from a public charge point.

[‡]Zero CO₂ emissions from the tailpipe.

1. Underfloor battery for maximum interior space and boot volume. **2.** Only one third of the vehicle is glazed to make it more stylish and improve energy efficiency. **3.** Space for five people. **4.** 338 litres boot volume. **5.** New-generation regenerative braking. **6.** MICHELIN ENERGY™ E-V tyres. **7.** Heat pump. **8.** Chameleon™ charger: three possible charging modes using one single charger.

HOW IT MAKES SENSE

BATTERY HIRE

IT'S SIMPLE AND UNIQUE TO RENAULT: YOU BUY THE VEHICLE AND HIRE THE BATTERY. THAT MAKES YOUR Z.E. MORE AFFORDABLE AND GIVES RENAULT THE CHANCE TO OFFER YOU HIGH LEVELS OF REASSURANCE AND COMPLETE PEACE OF MIND.

No worries – complete 24/7 roadside assistance, even if you run out of charge.

Battery performance is guaranteed to at least 75% of it's original charge capacity. If not, we'll repair or replace it.

You only pay for what you need – you tell us how many miles you'll do and how long you'd like to keep your Z.E.; we personalise your battery hire monthly payment to your own individual requirements.

You enjoy your Z.E. while we keep its heart healthy. It's that easy.

WALL-BOX

INCLUDED

No fuss, clean, easy - these are all things that we love about Electric Vehicles. But to make your life even easier and give you the maximum enjoyment of your new Renault ZOE, we have teamed up with British Gas to take advantage of a government grant of up to 75% support*. We will offer you a free domestic Wall-box, fitted at your home, as part of your purchase. Its 7kW capacity means that your ZOE's battery can be recharged from completely flat to 100% in just 3 to 4 hours, and Z.E. Ready certification means it'll work perfectly with the car. But the convenience doesn't just end at home; along with your Wall-box, you'll also be entitled to a national network card giving you access to a network of hundreds of charging points around the UK until 31st March 2014. The inbuilt smart data technology will help you keep track of how much energy you're using and your carbon savings with a simple smartphone app. As long as you have off-street parking and a GPRS signal, you're eligible. Full terms and conditions will be available on www.renault.co.uk.

*If you'd like to know more about the government domestic recharging scheme, please visit www.gov.uk/government/publications/domestic-chargepoint-grant-guidance-for-chargepoint-suppliers.

PICG - PLUG IN CAR GRANT

In order to help reduce carbon emissions in the UK, the Government has launched the Plug in Car Grant (PICG) scheme which is intended to run from January 2011 to 31st March 2015. The scheme will be managed by OLEV (Office for Low Emission Vehicles) who are a cross Government team within the Department for Transport. This scheme provides a grant of 25%, up to a maximum value of £5,000, towards the cost of a new ultra-low carbon car, which is provided to a consumer at the point of purchase. The grant is applied to the Basic Price of the vehicle (including VAT but excluding delivery charge, first registration fee and any optional extras).

***Manufacturer's "On The Road" Recommended Retail Price** Includes delivery to the dealer premises, number plates, a one-litre bottle of oil for all cars and two one-litre bottles of oil on Traffic, 12 months government road fund licence (depending on CO₂ emissions) and First Registration Fee at £55. Other goods or services supplied by agreement between the customer and the Dealer are not included.

ACCESSORIES PROTECTION PACK

1.

2.

3.

Protect your ZOE from the perils of the road and the car park with the protection pack.

1. Boot liner: The custom-made boot liner allows you to place various items in the boot (especially dirty items) and is a good way of protecting the original carpet. **2. Alarm:** The essential accessory to ensure the car's security. It will protect effectively from theft of the car and objects inside it. **3. Door sill trim:** Add an extra touch of class to your Renault ZOE.

LUXE PACK

1.

2.

3.

Enhance the comfort, practicality and style of your ZOE with the Luxe pack.

1. Rear Head restraint: Improve passenger comfort with the central rear head restraint. Available in a range of colours to match the car's interior trim. **2. Central armrest:** For improved driver comfort, the central armrest also provides a practical storage area. Available in Blue, Light Grey, or Black. **3. Boot net:** Prevent your belongings from getting damaged on the move with the boot net.

DELIVERY PACK

1.

2.

1.

PREMIUM DELIVERY PACK

Upgrade your delivery pack with the special Z.E. designed mats. They simply clip into the pins the vehicle comes fitted with. Made from rubber, they are easy to clean.

1. Premium mats: Available in two different colours to harmonise with your car colour choice, these made to measure carpet mats will protect your car's carpet. **2. Safety kit:** Complete kit including a warning triangle, a thermal blanket, a vest and a first aid kit.

4+ INCLUDED FOUR YEARS WARRANTY ROADSIDE COVER SERVICING FINANCE PACKAGE

THE **4+** PACKAGE WORTH AT LEAST £1,000* COMES AS STANDARD WITH YOUR NEW **RENAULT** CAR, VAN OR Z.E.VEHICLE.

4 - WARRANTY

Your vehicle is covered by a warranty package for up to 48 months. The first 2 years are unlimited mileage, followed by a further 2 years up to 100,000 miles. Your Dealer is able to repair or replace, without charge, parts that are found to have a material or assembly defect that is recognised by Renault

4 - ROADSIDE COVER

Any problems and we'll provide emergency roadside repairs or tow you to the nearest Renault dealer. This service is available 24 hours a day, every day of the year. We'll provide home start and roadside for 48 months, with additional recovery, onward travel and European cover for the first three years.

4 - SERVICING

Your vehicle is covered for free servicing during your first four years of ownership, or your first 48,000 miles (80,000 miles for vans), whichever comes first. That covers everything required in the manufacturer's minimum maintenance programme including parts, labour and VAT, but excluding normal wear-and-tear items, such as brake pads, windscreen wipers or tyres.

4 - FINANCE PACKAGE

The **RENAULT 4+** package is available with or without a finance package, it's your choice. Simplify your cash flow with fixed monthly payments with Renault Selections (*cars only) or Hire Purchase finance packages. Cash offers also available.

*4+ package is included as standard on eligible vehicles. The value of the package (with the exception of Twizy) is based on £80 for 4th year Roadside Assistance cover and between £305 and £720 for 4th year warranty cover, depending on the Renault model. Servicing also varies between £589 to £1,214 depending on vehicle and servicing in line with manufacturer's minimum maintenance programme based on an average national hourly labour rate of £70. Figures for illustration purposes only. No cash alternative. Vehicles are covered by a warranty package for up to 48 months. The first 2 years are unlimited mileage, followed by a further 2 years up to 100,000 miles. Please see warranty terms and conditions (www.renault.co.uk/warranty) for further details. Servicing offer covers cars for 4 years or 48,000 miles and vans for 4 years or 80,000 miles, whichever comes first. Services must be carried out in line with the manufacturer's minimum maintenance programme requirements and servicing intervals, and can only be carried out at a Renault Approved UK outlet. Renault Assistance Roadside Cover provided from month 0 to 36 includes assistance at the roadside and home, national recovery, onward travel and European cover. Cover from month 37 to 48 includes Roadside and Homestart (including a local tow to an authorised Renault dealer). Visit www.renault.co.uk/4plus.

RENAULT INSURANCE

A car as well designed as your Renault deserves an insurance policy to match. Renault Insurance has been specifically created to provide superb protection for you and your car. In addition to a very competitive premium, Renault Insurance also includes: Renault Genuine parts fitted in Renault Accident Repair Centres, protecting your 12 year anti-corrosion warranty; repairs guaranteed for 3 years; a courtesy car for the duration of any repairs - subject to availability when you use an approved repairer; payment by instalments - subject to status.

RENAULT recommends 

Although every effort has been made to ensure that the information contained within this brochure is as accurate and up to date as possible, Renault U.K. reserves the right to modify its models without notice, including their characteristics, specifications, equipment and accessories. Brochures inevitably become out of date or inaccurate in some respects, in that such characteristics, specifications equipment, or accessories may be changed after the publication date given below and can differ from the descriptions given. It is therefore necessary to check with your Renault Dealer before purchasing any product that the characteristics, specifications, equipment or accessories of the vehicle on order are as advertised.
